BUDAPEST, Sept. 18.—Warsaw's final fate was unknown here today as the Polish capital's lone broadcasting station, her last contact with the outside world, remained silent throughout the night. Until now the "all's well" signal has been sounded night at 30-second intervals.

BERLIN, Sept. 18.—The Nazi Swastika and the Bolshevik hammer and sickle met today in the fallen Polish city of Brest Litovsk, where Russian revolutionists and Germans signed their separate peace in the last war. The Russians came in from the east and shook hands with German officers.

BERLIN, Sept. 18.—The German news agency reported tonight the German effort to force Warsaw to surrender had been resumed after failure of the Poles to negotiate for withdrawal of the city's inhabitants. It was not stated whether the city was shelled.

CHERNAU, Rumania, Sept. 18.—Russian troops, their spearhead squadrons of monster tanks, advanced into southern Poland on Sunday, penetrating to a depth of 60 kilometers at some points, and meeting with little or no resistance. Polish refugees said that the Russians advanced with cries of "Nash Tovarischi!" (Our Comrades).

Edmonton Woman, Survivor of Athena Tells Ghastly Story

Tired and worn by her ghastly experiences when the Athena was torpedoed, Mrs. Frances Barnard, 11232 72 street, survivor of that ship sunk by a ruthless German submarine, returned home Sunday morning to be met at the C. N. R. station by her three sons, Dick, Leonard, Fred, and other relatives. It was a joyful meeting of mother and sons.

"I've never felt so well before in my life," she said, "as I do now, being safe at home." Despite the fact that X-rays are still necessary to ascertain whether her ribs are fractured, at the time the life-boat, in which she was a passenger, was accidentally sunk against the Scyllaria, a Greek yacht which picked them up, she was not hurt.

There was one of the last boats to reach the Southern Cross. Mrs. Barnard who left Edmonton

REFUNDING IS NOT IMPEDED BY NEW BOARD

No Fear Debt Refunding Negotiations Halted, Low Declares

Negotiations now under way by the Alberta government for refunding the entire provincial public debt are not expected to be impeded by the formation of the new Dominion Foreign Exchange Control Board, Hon. Solon E. Low, provincial treasurer, declared Monday. In any case, there is no immediate fear that these negotiations will be halted.

Mr. Low pointed out that his belief was expressed without full knowledge of details of the activities of the new board. Approval was given by the board to the formation of the new board. He said it should have a salutary effect in halting speculation, exchange and also bringing about stabilization of exchange rates.

Europe Hostilities Brought Up-To-Date

By Canadian Press

The Admiralty said the aircraft Courageous had been "lost by submarine action." The 23,000-ton warship, launched in 1916, had been assigned to the western front. The ship was last seen on Sept. 17, when it was reported to have been sighted 50 miles inside the Polish frontier.

Russians Invade Poland From East And Claim 'Neutral' Position

MOSCOW, Sept. 18.—The Red armies of Soviet Russia penetrated war-weakened Poland from the east today as diplomatic circles predicted the republic which regained its independence after the first Great War would be divided again between its two invaders.

Word from the Red army general staff of a constantly narrowing wedge between Russian and German invaders revived reports an armistice would be proposed as soon as Poland's fate is determined.

Such a proposal, diplomatic sources said, might be made by Russia or Germany's axis partner, Italy.

With the first move from the east that pined Poland in a vice yesterday, Moscow informed Poland's allies, Great Britain and France, that the Soviet Union would follow a neutral policy toward them.

In a broadcast by the Soviet premier, a foreign commissar, Vyacheslav Molotov, and in his notes to 24 governments registered in Moscow, crossing the frontier was described as necessary to protect one-Russian minorities in eastern Poland.

Molotov said the Polish government "ceased to exist" and the minorities—11,000,000 White Russians and Ukrainians—were "abandoned entirely to their fate."

A Russian broadcast said Red army troops had been given jubilant welcomes by the population of White Russia and in the Polish Ukraine.

On May 9 for England, where she evaded relatives had arranged the passage on the Aurania, Cunard line ship which was taken over by the British government, before sailing. Advised of this action, Mrs. Barnard was told that accommodation could be made.

Soviet's Act Intensifies War Spirit

By RALPH HEINZEN

British United Press Exclusive Cable

PARIS, Sept. 18.—Indignant at what it calls "Russia's fifth partition of Poland," the French press on Monday said that the Red army's invasion of Polish territory had only reinforced the determination of Great Britain and France to fight the war to the end.

The opinion generally expressed was that Russia will only occupy the eastern portion of Poland to the "Curzon line" fixed by the ambassadors' conference at the end of the world war, and later replaced by the Paris peace treaty of 1921.

It was evident nevertheless that Russia's action threatened to strip the Allies of the military support of Turkey, and it was admitted that the latter's declaration of neutrality, despite the invasion which Russia says was of a defensive nature, although there was a disposition to call the declaration of neutrality and the defensive excuse as diplomatic fiction.

The population of Poland has been abandoned by their ill-starred leaders to the fate. The Polish state and its government have virtually ceased to exist.

Polish ruling circles have suffered bankruptcy.

All this has happened in the briefest space of time. A mere fortnight has passed and Poland already has lost all her industrial centres.

Warsaw as the capital of the Polish state no longer exists. No one

Airplane Attacks Submarine After Ship Is Torpedoed

NEW YORK, Sept. 18.—Capt. R. A. Pedersen, master of the United States liner American Farmer, reported to line offices last night that as he was rescuing 75 persons from the sinking British ship Kaituma, an airplane bombed the submarine which had torpedoed the Kaituma.

Pedersen said the submarine, apparently German, replied with machine guns and depth charges, leaving a very heavy white smoke on the surface.

The line said Pedersen and those aboard the American Farmer apparently witnessed the battle between the airplane and submarine as they flew over the coast of Ireland.

NEW YORK, Sept. 15.—(The New York Herald-Tribune) today said the Russian situation is far too serious to permit of any delay in raising new possibilities for the United States to face as a result of the second great war.

Add Old Italy Flavor To Colorless Dishes

Today's Gadget

By MRS. GAYNOR MADDOX
Food with a touch of old Italy
pleases Canadians. Here are two
recipes of authentic Italian origin.

CAULIFLOWER IN MOLD

(Serves 4 to 6)

One cauliflower head (about 4 1/2 pounds), 1 egg milk, 2 eggs, 1/2 cup 3 tablespoons grated Parmesan cheese, 1/4 cup butter, 1 teaspoon flour, salt and pepper.

Remove stalk and divide leaves from cauliflower, and boil it in salted water for about 15 minutes. Drain, cut into small pieces and fry in half the butter. When the cauliflower has absorbed the butter, add a little milk and complete cooking. Then pass cauliflower through a sieve.

With the remaining butter and milk prepare a special white sauce and add it to the cauliflower together with the beaten egg and the Parmesan cheese. Bake in a buttered mold, set in pan of water, for 20 minutes.

WHITE SAUCE FOR ASPARAGUS OR CAULIFLOWER
Put 1/2 cup butter, 1 tablespoon flour, 1 lemon (or a little vinegar), 1 egg yolk, white pepper and salt, broth or water, requiring 1/2 cup.

Brown one-half of the butter in a small saucepan. Add the flour, then slowly add broth or water until a smooth gravy is obtained, not too thick. Blend slowly, and add the remainder of butter and one spoonful of lemon juice. Beat egg yolk and after removing from heat, add the white pepper and salt, stirring all the time. Good also on broccoli.

Tomorrow's Menu

LUNCHEON: Tomato juice, canned baked beans, Boston brown sauce, baked apples, tea, milk.

Britain Answers Submarine Menace

Technique answer to the Nazi submarine threat, which claimed 14 ships in the first nine days of this war, is to be the depth charge—described by all submarine crews. These depth charges are huge cans of high explosive which can be set to explode at any given depth underwater. British sailors are shown, upper left, loading a depth charge into the motor which will discharge it over the spot where the hunted submarine is thought to be located. A built-up charge of powder, or compressed air, is used to fire the explosive into the water. A compression

force, adjustable for any depth, controls the explosion of the charge. HMS Tenby is shown, upper right, racing at full speed from the spot where she has just dropped a depth bomb. A depth charge bursts water and smoke high into the air as it explodes near the spot where a hunted submarine is thought to be lurking, bottom. A charge, however, does not actually strike a submarine to be effective. The tremendous underwater concussion is capable of caving in the plates of a submarine hundreds of yards away.

Recalled

Informally dressed in shirt and a sport shirt, Justice Howe-Holmes, British war minister, is pictured strolling with a friend, Sir Angus Baillie, while indulging in Canmore, Mr. Howe-Holmes was recalled from his holidays by affairs of Europe.

Practise

Members of the Chatham team, which will compete in the inter-empire field gun display at the annual tournament to be held at Olympia in May, are shown practicing at the Royal Naval barracks, Chatham, Eng. The men are seen standing from a horse as they transport gun wheels to their employment.

Europe Wonders as Russia Masses Troops on Polish Border

With details of the Russo-German pact being kept secret, Soviets insist that the massing of troops on the Polish border is a move to help the invading force. The Russian troops are in grain and oil, since belonged to Russia, and Lithuania and Latvia.

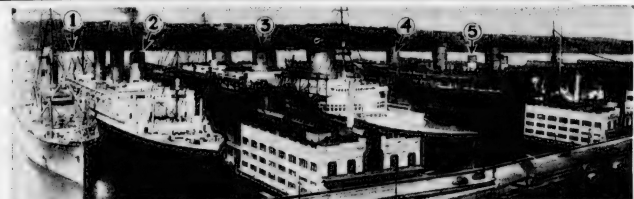

Rumania, fearful Stalin has designs on her, has called a million men to arms. The Russian troops are in grain and oil, since belonged to Russia, and Lithuania and Latvia.

Salvation Army Head Visits Sanctuary

High Commissioner George L. Carpenter, newly appointed general of the Salvation Army, recently visited Jack Miner's bird sanctuary at Kingsville, Ont., and assisted in placing bands on the legs of Canadian geese in aid in the study of their migration.

Allied and Neutral Liners in New York Harbor

Preparations for war are restricted to the use of the paint brush in New York as Europe's fleets of luxury liners prepare for war roles. No. 1 is the French liner Chateau, already painted from trunk to keel with drab, grayish-brown paint to cut down her visibility. No. 2, the giant Normandie, also of the French line, whose snow-white superstructure indicates that she has no sailing plans as yet; No. 3, the French liner Le De France, which made a war crossing of the Atlantic last week; No. 4, Britain's pride, the S.S. Queen Mary, whose funnels and superstructure already have been given a coat of gray; No. 5, Italian liner Roma, remains white, relying on Italy's neutrality for safe passage.

Recruits

Colonel Charles Sawyer, who led 125 volunteers to France in 1918, will command an American volunteer infantry division for 10,000 men, which will fight for the democracies in the event of a war in Europe. Sawyer admitted that he has a nation-wide reputation as a war hero, and that he has signed up more than 80,000 recruits.

Mess Call for Troopers

Wolynian interlude in the hectic business of war. Polish troopers get their rations during temporary halt on way to the front. Picture, one of first taken behind Polish lines, was passed by courier, routed to United States by Clippier plane.

In Men's Jobs

German women take an active part in the war effort. A woman is shown working in a field, possibly a hospital or a factory, as part of the war effort.

London Telegraph Says Soviet Alarmed Over German Drive to East

LONDON, Sept. 18.—The Daily Telegraph (Conservative) said today "Britain cannot watch the German 'cleansing' campaign over prostrate Poland without an uneasy suspicion that the driver may forget to stop."

Discussing Russia's sudden drive into Poland, the newspaper said: "The primary object of Russia's mobilization becomes clear. The masses of Russia are determined that the walls of Poland shall not come under German domination and are willing to risk a clash with their new friends to protect Russia's interests."
